Suva City and Lami Town Council **Press Release** **Suva City Council**

The Suva City Council has commenced with major cleaning activity to clear vegetation waste generated during Cyclone Ana. The City Council had commenced cleaning of the Public Streets and Receptions Spaces from the Sunday, 31st January, 2021.

Concentration on Sunday, 31st January, 2021 has been in within the Central Business District and the main roads linking to the City. Over the last twenty four (24) hours, thirty (30) five (5) cubic meter trucks of vegetation have been removed from the Public Streets.

The Suva City Council is expecting an estimated three hundred and fifty (350) loads of Green Waste to be collected over the week. The Suva City Council shall be working closely with the ratepayers and the citizens to clean the City during the week.

Meanwhile, the City Council is carrying out inspection of Public Trees to assess damages and programming way forward in protecting and up keeping. The City Council will be ensuring that the best is given in supporting the growth of the Ivi Tree that was partially damaged during Cyclone Ana. The City Council is working closely with an Arborist.

The Suva City Council will continue opening and operating the Central Municipal Market and the Mini Markets subject to advisory notice issued by the National Disaster Management Office. The Suva City Municipal Market had an increase in activities noted on Saturday, 30th January, 2021.

Lami Town Council

Cleaning in within the Lami Town boundary has commenced from yesterday. The Town Council is engaged in clearing the Public Streets and Recreational Spaces. The Town Council assessment shows that a total of fifty (50) loads of 5 meter cube truckload of green waste will be generated during this special clean up. The Town Council will work closely with the ratepayers and citizens in this clean-up program.

The Ratepayers and Citizens may contact the Council(s) Health Section in case of Suva City Council and the Reception Desk in case of Lami Town Council for any further information.
